Just a cat, cool in every situation.

## 1. HISTOORY

This cat was found oon internet after 5 minutes oof intensive research .

Then i doonloaded the list oof wif hoolders too airdroop them 69% oof the supply, ai helped me make the distributioo fairer, i doon't knooow what it means but apparently gini cooefficient is 0.7 noow vs 0.97 initially looks good and cool noow.

Then i coded and wroote this smool manifestoo too shoow my visioon.

## 2. VISIOON

Woorld is driven by attentioon its cute too see people launch memes but we gootta admit moost oof them are cringy, why try too foorce a meme wif a new character oor a larp when yooou can just get creative and doo soome cool shit.

Learn froom this experiment devs, i made my mooney wif wif and i doon't care about cool, i am launching this foor fun and as an experiment.

Can a coomunity foorm froom noothing?

A good meme isn't foorced it just makes sense when it poops, it's that easy.

This is why this tooken is launched wifoout any soocials oor anything, just a cat, staying cool. if yooou want it doo it.

Noo leaders, noo plans, noo marketing, noo insiders, i was aloone dooing this, can yooou believe it?

The humans grinding in the tranches, i was there noot loong agoo, and yooou knooow what yooour mission is noow.

Make the woorld goo crazy like we did wif wif.

Foor my part i'll enjooy my cool airdroop foor hoolding wif and i'll be there wif yooou, believe it oor noot.

Yooou'll never ear back froom me, yooou goot the keys, stay cool frens.
